8KP

ITEM NUMBER:
PDG.8000.09

The new and improved SASE® 8000 Propane floor grinder is packed with many features. It now includes a Briggs & Stratton Vanguard 993 cc motor with 31 horsepower packed with the power necessary for efficient coatings removal and preparation and integrated weights helping with increased or decreased grinding pressure dialing in the right amount when grinding and polishing concrete floors.

TOP FEATURES:

New larger 993 cc Briggs & Stratton Vanguard engine with 31 HP for more power. New carburetor tuning change to minimize emissions. New double battery system has been added to provide more cold cranking amps and a longer battery life.

TECHNICAL DATA:

- Propane-powered
- Variable Speed: 600 - 1750 RPM
- Machine Head: (3) 11" Heads
- Grinding Width: 30” (762 mm)
- Grinding Pressure: 520 - 800 lbs (235 - 363 kg)
- Machine Weight: 1,350 lbs (612 kg)
- Dimensions (L x W x H): 86” x 32” x 50” (Operation) (2184 x 813 x 1270 mm)
- Reduced vibration for easier and more reliable operation
- Addition of new dual water feeds on the front of the drum with larger hose diameters, increasing water flow to the front of the machine
- Improved ergonomic design for better operator visibility
- Operator focused controls
- Dedicated tie down points
